We talked to ABC and it is business as usual until they hear direction from Endo.

Will let you know about McKesson.

Thank you Lisa there is not FDA Mandate... it is an FDA approved medication....our stakeholders have to do the best thing for the patients in this situation. It is disheartening that patients are showing up at pharmacy counters and are not able to get their therapy.

Hi Lisa,

I had a call from Robin Ellifore of Sunset Pharmacy who stated her wholesaler, Cardinal – the Greensboro Division – has refused to let them order OPANA ER 40 MG citing “PER FDA MANDATE” to her.

She says she has customers who desperately need the OPANA ER and her other wholesaler won’t sell it to her because she hasn’t been using them regularly – has only been using Cardinal Health for OPANA ER.

Robin can be reached at (803) 794-6440.

I promised her I would forward to my Corporate Management and get back to her as soon as possible.

Thank you for your help in advance!

Linda
